

Wikipedia Edit Viewer

This shows edits to sections of the Boston Marathon bombing wikipedia page over the first four days after the bombing happened. They were taken from a larger database of all the edits to the wikipedia page during this time. Each dot represents one edit. The green dots indicate events or moments when arguments were taking place about what can or can't be included in the internet's encyclopedia.

Investigation

The Federal Bureau of Investigation was treating the bombing as a terrorist investigation.^[1]
